

**Town of Hinesburg
Planning Commission
June 26, 2019
Draft**

Members Present: Maggie Gordon, Joe Iadanza, John Kiedaisch, Rolf Kielman

Members Absent: James Donegan, Marie Gardner, Barbara Forauer, Dennis Place, Dan Myhre

Public Present: none

Also Present: Alex Weinhausen (Director of Planning & Zoning)

Vergennes Field Trip: The purpose of this field trip was to walk, observe, and take some pictures of village streetscapes and building architecture to get ideas for works well and for important design elements. In support of Planning Commission work on crafting better village area streetscape and architectural design standards. At a recent meeting, Vergennes was suggested as a nearby Vermont village/downtown with positive elements.

The group convened at the Vergennes City Park at 7pm, and walked portions of the downtown area on the following general route: Main Street north to East Street to School Street to Green Street to Spring Street to South Maple Street to School Street to South Water Street.

Various streetscape architectural elements were noted and photographed. At the conclusion of the walking tour, several commissioners drove through residential neighborhoods southeast of the downtown area.

The walking tour began at about 7pm and concluded at about 8:15pm.

Respectfully submitted,

Alex Weinhausen, Director of Planning & Zoning
