This was a special meeting for a walking tour of the Parkinson property (83 Maple Tree Lane, 66-acre property) in the Rural Residential 1 Zoning District. The meeting began at the Parkinson property at 6:30pm. William Parkinson (landowner) led the tour. Participants walked up the driveway to the house, and then along trails to the back portion of the property and back again. Various stops were made along the walk to note site features and possible future building locations.

The meeting ended at approximately 8:30pm.

Respectfully submitted,
Alex Weinhagen, Director of Planning & Zoning
