Selectboard Discussion on Possible Use of ARPA Funds

A comprehensive list of potential ARPA expenditures was attached to the agenda. All were discussed except the Lincoln Hill culverts. The board decided next steps to refine the list and include dollar amounts, further review outside agency requests and share with the community. The general consensus was to consider funding items that have a lasting impact on the town: projects such as the Bisonette Recreation area, Public Safety Strategic Plan, Lot 1 preparation, Highway Trucks.

Selectboard FY24 Budget Work Session – At the December 7, 2022 Selectboard Meeting the board requested Todd draft a budget that reduced expenditures by \$100K. While not entirely possible the draft FY24 operating budget that will be discussed at the January 4 Public Hearing eliminates the Planning & Zoning and Police Department administrative assistant positions as well as zeros out the 4th highway position but does not eliminate.

Adjourn

Mike moved to adjourn at 5:39pm, seconded by Maggie and approved with 5 yes.
