

# Potential Wind Energy Resource Areas

Hinesburg, Vermont  
Act 174

The Energy Development Improvement Act of 2016

Prime Wind: Areas with high wind potential and no state/local known & possible constraints

Base Wind: Areas with high wind potential and a presence of state/local possible constraints

3 Phase Power Lines

Transmission Lines

This map and the corresponding data is intended to be used to inform energy planning efforts by municipalities and regions. They may also be used for conceptual planning or initial site identification by those interested in developing renewable energy infrastructure. They should NOT take the place of site-specific investigation for a proposed facility and should not be used as "siting maps".

Disclaimer:  
The accuracy of information presented is determined by its sources. Errors and omissions may exist. The Chittenden County Regional Planning Commission is not responsible for these. Questions of on-the-ground location can be resolved by site inspections and/or surveys by registered surveyor. This map is not sufficient for delineation of features on-the-ground. This map identifies the presence of features, and may indicate relationships between features, but is not a replacement for surveyed information or engineering studies.
